

THANK YOU BOB QUINN !

FOR YOUR GENEROSITY AND SUPPORT OF THE CONSTRUCTION INDUSTRY AND WDT

Bob Quinn, former owner of Quinn Construction, Inc. and now owner of American West Corp. is shown with Bret Clark, Construction Program Director/Instructor of Western Dakota Tech's Construction Technology program. In the fall of 2019, Bret reached out to CIC seeking a donation of a good used pickup for use in the Construction Technology program for the purpose of hauling materials and equipment to jobsites where students were applying their practical learning. CIC in turn reached out to the industry. Enter Bob Quinn, who called CIC a few weeks later and said "I may have a vehicle that will work for them." Unfortunately, Bob's donation was delayed when COVID struck disrupting the school schedule. Recently, just in time for a new school year, Bob presented a 2008 Chevrolet 2500 complete with/utility box to Bret and the WDT program. Learn more about their program at: www.wdt.edu/constructiontechnology.

**PLEASE JOIN US IN THANKING BOB FOR HIS OUTSTANDING GENEROSITY
AND SUPPORT OF THE CONSTRUCTION INDUSTRY BY GIVING HIM A QUICK
