HAZWOPER Technician

Course Information

Burress Advisory Group, LLC is offering an OSHA 40 Hour HAZWOPER Hazardous Materials Technician course. The class will run five days and the schedule will be 8 hours per day. This course will meet all 29CFR1910.120 requirements and will consist of 50% classroom instruction and 50% hands-on practical application. The course participants will be required to complete several written exams, paperwork exercises, and skills evaluations. A certificate of completion will be issued to each student who successfully completes the class.

The course is being held at:

Site _____

Address _____

City _____ ST _____ ZIP _____

Phone (____) ____-____

Lunch daily will be on your own. There are several restaurants within close proximity to the training site.

29CFR1910.120(q)(6)

Hazardous materials technician. Hazardous materials technicians are individuals who respond to releases or potential releases for the purpose of stopping the release. They assume a more aggressive role than a first responder at the operations level in that they will approach the point of release in order to plug, patch or otherwise stop the release of a hazardous substance. Hazardous materials technicians shall have received at least 24 hours of training equal to the first responder operations level and in addition have competency in the following areas and the employer shall so certify.

Schedule & Topics

Day One

Introduction, Regulations & Standards, Chemical & Physical Hazards, Health Hazards, and Information Sources

Day Two

Health & Safety Plans, Emergency Response Plans, Personal Protective Equipment, Respiratory Protection and Chemical Protective Clothing

Day Three

Decontamination, Incident Command Systems (NIMS) and Air Monitoring

Day Four

Drum Handling, Spill Control, Confinement, Containment and Sorbents

Day Five

DECIDE & Hazard Analysis, Review, Final Exam

The course will include several quizzes, written exercises, hands-on competency evaluation exercises and a final exam. A 70% passing score is required on all quizzes and exams. Retest opportunities may be made available as necessary.
