

Join Black Hills Area Habitat for Humanity for the Oct. Women Build event!

Women Build is Habitat for Humanity's program for women who want to learn construction skills and build homes and communities.

No experience necessary!

Sign up for the Women Build Day October 17th:

This day is a standard build day and will be at the house location at 619 Lemmon. I can accompany up to 10 women on the build site maybe more depending on what they are working at for the day. You all will meet at the build site at 08:30 and John our project manager will give safety instructions as well as the day's plans. For those who attended the Women Build back in May, you are more than welcome to wear your shirts. Make sure you all have closed toe shoes as well as pants you don't mind getting dirty. For those who have not previously attended, please go to our site and register beforehand. You will need to go to <https://blackhillshabitat.volunteermatrix.com/> to sign up and I have attached a process to walk you through it all as well should you run into any questions. I have already set up a group called Women Build for the build day and the picture shows how that works. If you type in "WOMENBUILD" it will pull up the day I set aside.
