

SYVERSON TILE & STONE OPEN HOUSE

You are cordially invited to
Syverson Tile & Stone's 10th Anniversary
open house on September 22, 2016.

In 1932 Ray G. Syverson founded what would eventually become the largest tile distributor between Minneapolis and Omaha. Today, Ray's grandsons Steve and Dave continue the tradition of good craftsmanship and dedicated service. In 2006, they decided to branch out to Western South Dakota and opened Syverson Tile and Stone in Rapid City, SD. Since then, Syverson Tile and Stone has been an integral part of the Rapid City business community. Providing great service and quality product is not just our job, it's our way of life.

With our friendly staff and a huge selection of both imports and domestic tile, we have been serving the needs of our building community for the past 10 years. Syverson Tile appreciates all of the support we have received from our retailers, contractors, tile setters and designers.

Please come and celebrate our 10th Anniversary in our showroom
on September 22, 2016.

We will have food and refreshments from 5:00-7:00.
Please, RSVP (for food count) by September 16, 2016.
