Confined Space for the Competent Person Course

Instructor: Mylon Stark

This course is intended for all employees who may be assigned to confined space entry operations. Construction and non-construction workers often find themselves in conditions that qualify as 'Confined Spaces.' Conforming to the OSHA Confined Space Entry Standard, course prepares participants to be appointed by their Employer as a 'competent person' by defining confined space guidelines. The competent person may perform in confined space entry as an Entry Supervisor. The Entry Supervisor provides authorization for entry and ensures all personnel involved in confined space entry can execute their duties safely. Tuition includes lunch each day.

114005-F12A \$145 1 Session
Friday 12/7 8:00 AM - 4:30 PM
Ramada West, 7900 Stage Stop Road, I-90 & Exit 48
(convention facility behind the hotel)

Crane Rigger/Signalperson Training Course

Instructors: Mylon Stark & Keith Jerke

This course is intended for all employees responsible for rigging suspended loads and/or providing signals to crane operators. Under the revised OSHA Crane & Derrick Standard, all persons assigned to perform rigging of loads and/or signaling crane operators must be trained to a level of competency to the benefit of the persons and their employer. This *qualification* course enables workers to apply OSHA Standards and best business practices to minimize the risk of suspended load failure and other crane-related incidents. Tuition includes lunch each day.

114004-F12A \$290 2 Sessions
Wed. & Thurs. 12/5 & 12/6 8:00 AM - 4:30 PM
Ramada West, 7900 Stage Stop Road, I-90 & Exit 48
(convention facility behind the hotel)

OSHA 10 Hour Construction Outreach Safety Course

Instructor: Mylon Stark

This curriculum is established by the OSHA Training Institute and is created to be a hazard recognition course. Most importantly, this training prepares workers to minimize risk of death and injury on the job site and is beneficial to deter property damage to job site equipment and supplies. Tuition includes a daily lunch.

114003-F12A \$110 2 Sessions
Mon & Tues. 12/3 & 12/4 8:00 AM - 2:30 PM
Ramada West, 7900 Stage Stop Road, I-90 & Exit 48
(convention facility behind the hotel)

OSHA 30-Hour Construction Outreach Safety Course

Instructor: Mylon Stark

This curriculum, established by the OSHA Training institute, is designed as a compliance course and will work extensively with OSHA Standards. This class prepares workers to minimize risk of death and injury on the job site. It is also beneficial to deter property damage to job site equipment and supplies. Tuition includes lunch each day.

114002-F12A \$250 5 Sessions
Mon. - Fri. 11/26 - 11/30 8:00 AM - 4:30 PM
Ramada West, 7900 Stage Stop Road, I-90 & Exit 48
(convention facility behind the hotel)

EST. COST	\$150,000 to \$200,000	
COMPLETION	Completion Date: January 31, 2013	
SITE VISIT	A pre bid conference is scheduled for 10:00, A.M., October 31, 2012 at Laramie County School District No. 1, Planning and Construction Office, Conference Room. Attendance is strongly recommended for well drillers.	
DESC	The project will consist of drilling, completion, and test pumping of a well called the Prairie Wind Elementary School Well. The well will be approximately 720' deep, completed with 6" ID steel casing, and 6" stainless steel well screen. The work will include drilling up to two pilot holes and geophysical logging of pilot holes; one of the holes will be selected as the location for the production well, then the bore hole will be reamed to a 12" diameter (nominal) size; the casing, screen, sand pack, bentonite plug and grout seal will be installed; the well will be developed, and finally, the test pumping will be conducted; site reclamation, consisting of backfilling, leveling of the mud pits, scarifying and back dressing of the site, and spreading of topsoil will be completed, however, the site will not be reseeded.

EST. COST	\$218,000	
COMPLETION	Substantially completed by October 15, 2013.	
SITE VISIT	Contractors please note: there will be an on-site pre-bid meeting at 1:30 PM CT, Thursday, October 25, 2012. Contractors shall meet at Northern State University's Physical Plant Conference Room. Each contractor shall examine the premises and be satisfied as to the existing site conditions before submitting a sealed bid. Pre-bid meeting attendance is optional for contractors to be responsible and their bid to be considered. This will be the contractors' only chance to visit the site.	
DESC	Labor and materials for Heating Plant, Boiler Upgrades, Northern State University, Aberdeen, SD, OSE# R0112-06X. Work shall be the removal of the existing boiler controls on each of three (3) boilers in the Northern State University heating plant, including all tubing, raceways, and appurtenances associated with the existing controls. Existing low water cutoffs shall remain. Included in the project shall be installation of a new direct digital control system to include electrical work and all appurtenances, complete, for a fully functional boiler control system as specified.

CONTACT Terry Keys (Project Manager) Phone: (307) 214-2280(307) 777-5788 Email: terry.keys@wyo.job.gov

ISSUING OFFICE The Owner is the Issuing Office on this project.

DEPOSIT Any further questions/information please please contact to Brenda Crozier, Purchasing Representative, Office of Procurement, (307) 777-6708, email: brenda.crozier@wyo.gov.

DESC Wyoming Womens Center (WWC) has seven electrical rooms that are 30 years old with GE panels that do not currently meet code requirements. The main electrical room has the main disconnects and the generator transfer switch for the building. The other six rooms have distribution panels and GFI light switches. The switches have not been made for the last five years and the replacement switches that have been installed do not conform to current codes. The electrical panels are no longer secure and the breakers are starting to show signs of failure and significant heat. The Fire Marshal and the Electrical Inspector have stated that these systems need upgrading to meet all new applicable codes.

Madison, SD	Trojan Center Student Union, Renovation - Planning Only	Thu 11/8 5:00 PM CST
CIC Job Number#:	2012-2077	Solicitation/Project # OSE# R0413-02X
OWNER	State of South Dakota Office of the State Engineer Joe Foss Building, 523 East Capitol Pierre, SD 57501-3182 Phone: (605) 773-3466 Fax: (605) 773-5980 web site: www.state.sd.us/boa/ose/	
ISSUING OFFICE	The Owner is the Issuing Office on this project.	
DEPOSIT	The Preliminary Facility Statement approved by the Board of Regents is available for reference on the Office of the State Engineer web site at: http://www.state.sd.us/boalose/RequestStatementsInterest.htm	
NOTES	Questions may also be directed to Colby Brakke at 605.773.3898 or email Colby.Brakke@state.sd.us Firms wishing to be considered for providing professional services for this project should send a Statement of Interest that outlines their qualifications and experience for this project as well as outlines the qualifications of any Sub-Consultants that will be used for the duration of this project. Include resumes of all personnel, including sub-consultants, who will be assigned to this project for the entire duration.	
DESC	The Office of the State Engineer, on behalf of Dakota State University, is soliciting Statements of Interest from firms interested in providing professional architectural and engineering services for the referenced project. The initial scope of work will be to develop the architectural program, preliminary schematic design, and corresponding cost estimates so a Facility Program Plan may be prepared and presented to the South Dakota Board of Regents. Upon Board of Regent review, approval, and funding authorization, services may proceed to further design development, construction documents and construction administration.

ADDENDA	[Addenda 1]: Oct 29	

Brookings, SD	RFI - SDSU Daktronics Hall Cleanroom	Tue 11/13 5:00 PM CST
CIC Job Number#:	2012-2136	Solicitation/Project # OSE# R0313--06X
OWNER	State of South Dakota Office of the State Engineer Joe Foss Building, 523 East Capitol Pierre, SD 57501-3182 Phone: (605) 773-3466 Fax: (605) 773-5980 web site: www.state.sd.us/boa/ose/ CONTACT Kevin Espeland Phone: (605) 773-7052 Email: Kevin.Espeland@state.sd.us	
ISSUING OFFICE	The Owner is the Issuing Office on this project.	
DEPOSIT	RFI documents may be downloaded viewed at http://www.state.sd.us/boa/ose/RequestStatementsInterest.htm .	
SITE VISIT	Those firms that desire additional information specific to the project or wishing to visit the campus should contact Colin Gaalswyk at (605) 688-5312 or email Colin.Gaalswyk@sdstate.edu .	
DESC	The College of Engineering and Electrical Engineering & Computer Science Department operate a clean room laboratory in Daktronics Engineering Hall. The facilities support the ongoing research goals of the College and Department. Adjacent to the current facilities, space remains to support and expand these operations. This project will build out the space into research labs focused on micro-nano electronics and materials supported with electronics and wet chemistry laboratory systems. Plumbing, ventilation, fume hood systems, and electrical distribution must be extended and completed to support these lab functions. The design and construction shall also account for future conversion of the space into clean room laboratories. Minimizing impact of the lab functions and infrastructure to accommodate such conversion shall be important project considerations.

ISSUING OFFICE The Architect is the Issuing Office on this project.

DEPOSIT Plans and Specifications for Hot Springs County Airport Relocation Project, Phase II – Earthwork and Drainage is available for download via our website: www.gdaengineers.com – where you can create an account and request access to the project. Online contract documents are for use by subcontractors and suppliers in preparing quotations to prime bidders. Online documents may also be used for prime contractors to get the general scope of the project; however, if you want to submit a bid as a prime, you must purchase a hard copy of the Project Manual and the Plan Set. Plans and Specifications may be obtained for a non-refundable reproduction charge of \$120.00.

BID SECURITY All bids must be accompanied either by a certified check, payable to Hot Springs County in the amount of five percent (5%) of the bid, or by a Bid Bond in a like amount and executed by an approved surety company.

COMPLETION The Sponsor anticipates awarding this project between the week of November 19, 2012 and December 3, 2012. Bid Schedule 1: A total of 75 working days are allowed with a Substantial Completion date of June 18, 2013, and a Final Completion date of June 28, 2013. Bid Schedule 2: A total of 80 working days are allowed with a Substantial Completion date of June 18, 2013, and a Final Completion date of June 28, 2013.

SITE VISIT All bidders are advised to examine the site to become familiar with all site conditions. The project will be shown to interested Bidders at 2:00 pm local time, on November 1, 2012, at the Commissioners Chambers in County Annex Building located at 117 North 4th Street, Thermopolis, WY 82443. A project site tour will be conducted after the pre-bid meeting.

DESC The project involves:
 Bid Schedule 1: Construction of 300,000 CY Unclassified Excavation, 16,500 feet of ditch grading, subgrade preparation, 832 feet of 24 inch Reinforced Concrete Pipe, 335 feet of 30 inch Reinforced Concrete Pipe, 5 Manholes, top soil stripping, top soil stockpiling, topsoil placing, erosion control, seeding, and mulching. Bid Schedule 2: Construction of approximately 13,000 to 14,000 Feet of 1.5 inch Direct Bury Waterline.

Billings, MT	Engineering Services - Water Treatment Plant Laboratory Renovation (Cont'd)	Fri 11/16 5:00 PM MST
CIC Job Number#:	2012-2094	Solicitation/Project # Work Order #12-42
DESC	The initial objective of this project is to evaluate, develop, and recommend options for the renovation of the City of Billings Water Treatment Plant (WTP) Laboratory facility, located in the rear of the WTP Operations Building. The existing lab has some aspects that no longer conform to code, and the space is not being maximized. The majority of cupboards, cabinets, and shelving are old and in need of replacement. In addition, some of the fixed equipment may need upgraded or replaced. The second portion of the project will be to formally design all renovations and create a bid package (plans and specifications). Finally, the chosen consultant will provide bidding and construction administration services, including inspection and project close-out. The lab, and all other activities within the WTP Operations Building, must remain fully operational throughout the design and construction process. Prior experience with water treatment laboratories is preferred, but not required.	

Greybull, WY	Shell Canal Tunnel Rehabilitation Project	Mon 11/19 1:00 PM MST
CIC Job Number#:	2012-2125	
OWNER	States West Water Resources Corporation (SWWRC) 1904 East 15th Street P.O. Box 2092 Cheyenne, WY 82003 Phone: (307) 634-7848 Fax: (307) 634-7851 Email: stateswest@aol.com	
ISSUING OFFICE	The Owner is the Issuing Office on this project.	
DEPOSIT	The work to be performed will be in accordance with the Plans, Specifications and Drawings on file at States West Water Resources Corporation (SWWRC), 1904 E. 15th Street, Cheyenne, Wyoming, 82001, (307) 634-7848 or States West Water Resources Corporation (SWWRC), 59 Western Avenue A, Suite C, Buffalo, Wyoming 82834, (307) 684-7953. The Contract Documents and Drawings may be purchased from SWWRC beginning November 1, 2012. A non-refundable fee in the form of cash or check payable to States West Water Resources will be required per set of bid documents according to the following: Contract Documents, Specifications, and Drawings: \$100.00.	
BID SECURITY	A Bid Security in an amount equal to five percent (5%) of the total bid shall be submitted with each Bid.	
COMPLETION	Further information will be provided upon receipt of the bidding project.	
NOTES	Preference shall be given to resident Wyoming Contractors as required by the statutes of the State of Wyoming.	
DESC	The project consists generally of excavation, hauling, and placement of 130,000 CY of material, demolition and stockpiling of approximately 562 LF of concrete tunnel and headwalls, and the replacement of fencing. At the aforementioned time and place, such bids that are received for the project shall be publicly opened and read aloud. A non-mandatory pre-bid conference will be conducted at 1:00 P.M. on Thursday, November 8, 2012 starting at the Greybull Public Library, located at 325 Greybull Avenue, Greybull, Wyoming 82426.

COMPLETION	The Contractor will be required to commence work within 10 days after notice to proceed and complete the work 540 calendar days after receipt of Notice to Proceed.	
SITE VISIT	A site visit for the proposed project will be held after solicitation issue. Solicitation documents will provide pertinent site visit information including date, time, point(s) of contact, and any special instructions for attendance.	
NOTES	This solicitation is RESTRICTED TO SMALL BUSINESS PARTICIPATION ONLY.	
DESC	Add/Alter Munitions AGE Facility is a 3-bay addition to the existing 3-bay AGE facility and will provide the necessary space for the storage and maintenance of Munitions Handling Trailers (MHTs). The addition consists of a one-story steel post and beam framed maintenance bay structure similar to the existing 3-bay facility with non-load bearing masonry and steel framed walls. The new addition will be approximately 7,750 square feet with metal panel siding, reinforced concrete foundation and floor slabs. The exterior walls are clad with insulated metal panel to match the existing structure. The roof is standing seam metal with a membrane underlayment. The project will include design and construction of the three additional work bays, attached electrical room, mechanical room, and generator room. Site improvements will include removal of pavement for the construction of the addition as well as adjacent paving in the vehicle/trailer circulation areas to match existing grades. The design-build requirements will stipulate compliance with current building and fire protection codes, accessibility, electrical, plumbing, and other systems; and meet any required antiterrorism/force protection (AT/FP). The alteration portion of the project will include approximately 11,430 gross square feet of existing space and require mechanical (new HVAC system) and electrical upgrades (lighting fixtures) throughout as well as plumbing and plumbing fixtures. Interior finishes will require new paint throughout.
