# Build Our Workforce in Construction

## CONSTRUCTION CAREER ACADEMY 2026

### Calling All Construction Industry Employers!

Are you looking to get involved with developing our future workforce? The AGC of South Dakota in collaboration with Southeast Tech and Western Dakota Tech have created a hands-on Summer Construction Academy that will give high school juniors & seniors the chance to earn while they learn. Your company as the sponsor gets to be a key part of this development of future talent by employing the student part time and sponsoring the cost of the program for them.

#### HOW THIS WORKS:

You'll interview the students, make your selection(s) and we will match them based on their interest. Your company funds their class and on-the-job training time working on your jobsite for the summer.

#### WHAT THEY LEARN:

- Safety
- Basic Hand and Power Tools
- Construction Basics
- Soft Skills Essential to Job Success

#### WHAT THEY EARN:

**\$17.50/hour!**
