Today, support for mental health is needed more than ever, and we are asking you to join us in the fight to stop suicide. Mental health support is crucial in the construction industry, where workers face unique stressors. Addressing these challenges can save lives and improve the overall well-being of the workforce. Construction Hike for Hope is an event meant to engage the construction industry, its employees, their loved ones, and our community on the importance of mental health and suicide prevention.

Why support the South Dakota Construction Hike for Hope?

According to the CDC's data on suicide risk within occupational groups, the construction and extraction industries were found to have the highest rate of suicide in the United States. The goals of our partnership are to improve the mental health of construction workers through effective suicide prevention education, intervention and postvention strategies to encourage, equip and empower mental health champions in the workforce.

The American Foundation for Suicide Prevention leads the fight to stop suicide.

Funds raised from the Construction Hike for Hope allow AFSP to invest in research, create educational programs, advocate for public policy, and support survivors of suicide loss. Our participants are passionate supporters of AFSP's mission to save lives and bring hope to those affected by suicide, with 78% of online registrants indicating a personal investment in prevention. Plus, goodwill goes a long way! 91% of global consumers are likely to switch brands to one associated with a good cause, given comparable price and quality.

Sponsor and show our community you're a voice for suicide prevention.

To recognize your support, we have developed a variety of options to elevate your brand awareness and align your business with a good cause! For information about sponsor levels and benefits, please see the enclosed Sponsor Opportunities & Benefits and Sponsor Agreement. Thank you for your consideration. We look forward to partnering with you to save lives!

However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Under penalties of perjury, I certify that:

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they
