

TEAMMATES

MENTORING

TeamMates is a strengths-based one-to-one mentorship program pairing high caring quality adults from the community with students in our schools ranging from grades 3-12. Each mentor is paired with their mentee through a quality matching system and they meet once a week for 30-60 minutes (a 3 hour/ month time commitment) during school hours on school grounds. Meetings include activities from playing games, building legos, playing outside to simply having positive and meaningful conversations.
